VOLUME 62 · SUBJECT INDEX

Acoustic startle, Effects of an acoustic startle on reaction time in patients with Parkinsonism **211**
Acute, Acute hemiplegic ischaemic stroke causes contralateral quadriceps weakness **214**
Acute cerebral infarction
Magnetic resonance angiography in acute cerebral infarction **211**
Middle cerebral artery velocity as a prognostic indicator in acute stroke **212**
Multimodal imaging in acute stroke **207**
Acute pandysautonomia, Treatment of acute pandysautonomia with intravenous immunoglobulin **529**
Acute stroke
International stroke trial **206**
International stroke trial **207**
Aetiology, Neurotropic viruses and Alzheimer's disease **586**
Age related cognitive decline, Age related cognitive decline **601**
Aging
Altered pupillary size and darkness and light reflexes in Alzheimer's disease **665**
Magnetisation transfer ratio of normal brain white matter **223**
Albendazole, Albendazole therapy for subarachnoid cysticerci **659**
Alcoholism, Operational criteria for the classification of chronic alcoholics **51**
Alzheimer's disease
Age related cognitive decline **601**
Altered pupillary size and darkness and light reflexes in Alzheimer's disease **665**
Alzheimer's disease after remote head injury **119**
Clinical overdiagnosis of vascular dementia versus necropsy confirmed series **677**
Clinical rationale of genetic testing in dementia **217**
Comparative evolution of Alzheimer's disease and vascular and mixed dementia **214**
Decreased cortical glucose metabolism correlates with hippocampal atrophy in Alzheimer's disease as shown by MRI and PET **596**
Disorders of semantic memory **431**
Fallacies in the pathological confirmation of the diagnosis of Alzheimer's disease **209**
Hallucinations and signs of parkinsonism help distinguish patients with dementia and cortical Lewy bodies from patients with Alzheimer's disease at presentation **16**
Neurotropic viruses and Alzheimer's disease **586**
Motor and cognitive function in Lewy body dementia **243**
Amantadine, Glutamatergic dysfunction in catatonia? Successful treatment of three acute akinetic catatonic patients with the NMDA antagonist amantadine **404**
Amnesia, Diencephalic temporal order amnesia **163**
Amyloid β-peptides, Amyloid β-peptides as neurite growth inhibitory molecules **212**
Amyotrophic lateral sclerosis
Entrapment of motor nerves in motor neuron disease **71**
High signal intensity on T1 weighted MRI of the anterolateral column of the spinal cord in amyotrophic lateral sclerosis **88**
Increase of flexor reflex latency in patients with amyotrophic lateral sclerosis treated with riluzole **427**
Relation between cognitive dysfunction and pseudobulbar palsy in amyotrophic lateral sclerosis **464**
SOD-1 mutations in United Kingdom families with amyotrophic lateral sclerosis **205**
Anticipation, Autosomal dominant cerebellar ataxia with retinal degeneration (ADCA II) **367**
Anti-CV2 autoantibodies, Association of antineural autoantibodies in a patient with paraneoplastic cerebellar syndrome and small cell lung carcinoma **425**
Anti-GM1 antibodies, Long term follow up of multifocal motor neuropathy with conduction block under treatment **391**
Anti-GM2 antibodies, Cytomegalovirus infections and anti-GM2 antibodies in Guillain-Barré syndrome **641**
Anti-Hu autoantibodies
Association of antineural autoantibodies in a patient with paraneoplastic cerebellar syndrome and small cell lung carcinoma **425**
Spontaneous neurological improvement in anti-Hu associated encephalomyelitis **276**
Antiphospholipid antibodies, Potentially prothrombotic abnormalities of coagulation in benign intracranial hypertension **229**
Antiphospholipid antibody, Fulminant encephalopathy due to the catastrophic primary antiphospholipid syndrome **300**
Anti-Ri antibodies, Association of antineural autoantibodies in a patient with paraneoplastic cerebellar syndrome and small cell lung carcinoma **425**
Antisulphatide antibodies, Polyneuropathies associated with high titre antisulphatide antibodies **581**
Antithrombotic, Is there any evidence for a protective effect of antithrombotic medication on cognitive function in men at risk of cardiovascular disease? Some preliminary findings **269**
Antithrombotic therapy
International stroke trial **206**
International stroke trial **207**
Anxiety disorders, Anxiety disorders in non-demented and demented elderly patients **294**
Apolipoprotein E, Clinical rationale of genetic testing in dementia **217**
Apolipoprotein E-ε4, Clinical overdiagnosis of vascular dementia versus necropsy confirmed series **677**
Apoplexy of Malpighi, Wepfer's description of the apoplexy of Malpighi **394**
Aspirin, Is there any evidence for a protective effect of antithrombotic medication on cognitive function in men at risk of cardiovascular disease? Some preliminary findings **269**
Astasia without abasia, Role of weakness of triceps surae muscles in astasia without abasia **496**
Ataxia, Japanese family with a variant of Gerstmann-Sträussler-Scheinker disease **454**
Ataxia-telangiectasia, Cognitive function in ataxia-telangiectasia **210**
Attention
Phonological loop in medicated patients with Parkinson's disease **609**
Temporal dynamics of attention in visuospatial neglect **205**
Audiovestibular, Audiovestibular pathology in neurosarcoid **211**
Auditory hallucinations, Unilateral auditory hallucinations in a boy with ipsilateral conductive hearing loss **302**
Auditory rhythm, Rhythmic auditory-motor facilitation of gait patterns in patients with Parkinson's disease **22**
Autonomic dysreflexia, Assessment of autonomic dysreflexia in patients with spinal cord injury **473**
Autonomic function tests, Unusual case of recurrent syncope **212**
Autonomic nervous system disease, Treatment of acute pandysautonomia with intravenous immunoglobulin **529**
Autoregulation, New non-invasive method of assessing dynamic cerebral autoregulation **211**
Autosomal dominant cerebellar ataxia
Autosomal dominant cerebellar ataxia with retinal degeneration (ADCA II) **367**
Saccade velocity in idiopathic and autosomal dominant cerebellar ataxia **662**
Autosomal recessive inheritance, Autosomal recessive inheritance of hereditary motor and sensory neuropathy with optic atrophy **385**

Balloon occlusion test, Preoperative risk assessment for carotid occlusion by transcranial Doppler ultrasound **485**
Balo's concentric sclerosis, Balo's concentric sclerosis **655**
Basal ganglia, Obsessive-compulsive behaviour and cognitive impairment in a parkinsonian patient after left putaminal lesion **288**
Behavioural disturbances, Basis for behavioural disturbances in dementia **303**
Benign intracranial hypertension, Potentially prothrombotic abnormalities of coagulation in benign intracranial hypertension **229**
Bent spine syndrome, Bent spine syndrome **429**
Biomechanics, Pathogenesis of cervical spondylotic myelopathy **334**
Blips, Pathological torsional eye deviation during voluntary saccades **253**
Blood lactate threshold, Blood lactate threshold and type II fibre predominance in patients with exertional heatstroke **182**
Book Reviews
Antiepileptic Drugs, fourth edition **107**
Autoimmune Neurological Disease **105**
Bickerstaff's Neurological Examination in Clinical Practice **547**
Cancer in the Nervous System **104**

Clinical Skills in Neurology **430**
Current Therapy in Neurologic Disease **548**
Economic Evaluation of Epilepsy Management **680**
Essentials of Clinical Neurology **105**
Frontotemporal Dementia **679**
Fundamentals of Neuroimaging **679**
Handbook of Multiple Sclerosis **547**
Handbook of Muscle Disease **548**
Introduction to the Neurologic Examination **106**
Localisation in Clinical Neurology **106**
Neurological Disorders, Course and Treatment **547**
Neurophysiological Basis of Cerebral Blood Flow Control **430**
Operative Skull Base Surgery **547**
Oppenheimer's Diagnostic Neuropathology **106**
Pituitary Adenomas **546**
Posterior Circulation Disease **548**
Practice of Neurosurgery **679**
Stroke **678**
Surgical Management of Neurovascular Disease **429**
Vascular Dementia **105**
Visual Attention and Cognition **679**

Botulinum toxin, Generalised botulism-like syndrome after intramuscular injections of botulinum toxin type A **198**

Botulism, Generalised botulism-like syndrome after intramuscular injections of botulinum toxin type A **198**

Brain, Early changes in peritumorous oedema and contralateral white matter after dexamethasone **590**

Brain biopsy, Balo's concentric sclerosis **655**

Brain MRI, Balo's concentric sclerosis **655**

Brainstem, Sound movement detection deficit due to a brainstem lesion **522**

Brain ventricles, Ataxic type of Creutzfeldt-Jakob disease with disproportionate enlargement of the fourth ventricle **295**

Cardiovascular, Is there any evidence for a protective effect of antithrombotic medication on cognitive function in men at risk of cardiovascular disease? Some preliminary findings **269**

Cardiovascular disease, Thermolabile variant of 5,10-methylenetetrahydrofolate reductase is not associated with Parkinson's disease **671**

Carnitine palmitoyltransferases, Characterisation of carnitine palmitoyltransferases in patients with a carnitine palmitoyltransferase deficiency **169**

Carotid amytal assessment, Endovascular electroencephalography **193**

Carotid atheroma, Pathogenesis of ischaemic stroke associated with symptomatic extracranial carotid atheroma **207**

Carotid occlusion, Preoperative risk assessment for carotid occlusion by transcranial Doppler ultrasound **485**

Carotid stenosis, New non-invasive method of assessing dynamic cerebral autoregulation **211**

Carotidynia, Recurrent neck pain as a variant of migraine **669**

Case-control study
British motor neuron disease twin study **562**
Is family history an independent risk factor for stroke? **66**

Catastrophic primary anticardiolipin syndrome, Fulminant encephalopathy due to the catastrophic primary antiphospholipid syndrome **300**

Catatonia, Glutamatergic dysfunction in catatonia? Successful treatment of three acute akinetic catatonic patients with the NMDA antagonist amantadine **404**

Cause of death, Vascular deaths in elderly neurological patients with leukoaraiosis **177**

Central pontine myelinolysis, Extrapontine myelinolysis presenting with parkinsonism as a sequel of rapid correction of hyponatraemia **422**

Cerebellar ataxia, Ataxic type of Creutzfeldt-Jakob disease with disproportionate enlargement of the fourth ventricle **295**

Cerebellar atrophy, Cerebellar atrophy and prognosis after temporal lobe resection **501**

Cerebellar infarction, Contraversive visual tilt illusion associated with a cerebellar infarction **672**

Cerebellar tremor, Ondansetron, a 5-HT3 antagonist, improves cerebellar tremor **282**

Cerebellopontine angle, Paroxysmal tinnitus due to a meningioma in the cerebellopontine angle **401**

Cerebral blood flow
Age related cognitive decline **601**
Gaze related enhancement of hemispheric blood flow in a stroke patient **538**

Cerebral blood vessels, Nerve growth factor concentrations in human cerebral blood vessels **199**

Cerebral haemorrhage, Johann Jakob Wepfer (1620-95) and cerebral haemorrhage **387**

Cerebral metabolic rate for glucose, Decreased cortical glucose metabolism correlates with hippocampal atrophy in Alzheimer's disease as shown by MRI and PET **596**

Cerebral perfusion, SPECT, CT, and MRI in head injury **633**

Cerebral sensorimotor systems, Influence of spinal cord injury on cerebral sensorimotor systems **61**

Cerebrospinal fluid
Cerebrospinal fluid lactate and pyruvate concentrations in patients with Parkinson's disease and mitochondrial encephalomyopathy, lactic acidosis and stroke-like episodes (MELAS) **290**
Hydrodynamic properties of hydrocephalus shunts **43**
Rostrocaudal gradient of nitrate plus nitrite concentrations in CSF **100**

Cerebrovascular diseases, Vascular deaths in elderly neurological patients with leukoaraiosis **177**

Cervical spinal cord, High signal intensity on T1 weighted MRI of the anterolateral column of the spinal cord in amyotrophic lateral sclerosis **88**

Cervical spondylosis, Pathogenesis of cervical spondylotic myelopathy **334**

Charcot-Marie-Tooth type 2, Mutilating neuropathic ulcerations in a chromosome 3q13-q22 linked Charcot-Marie-Tooth disease type 2B family **570**

Chromosome 9, Non-DYT1 dystonia in a large Italian family **357**

Chronic fatigue syndrome, Cognitive functioning is impaired in patients with chronic fatigue syndrome devoid of psychiatric disease **151**

Chronic inflammatory demyelinating polyneuropathy
Home therapy with self infused intravenous immunoglobulin in the treatment of acquired chronic demyelinating neuropathies **208**
Pulsed high dose dexamethasone treatment in chronic inflammatory demyelinating polyneuropathy **388**

Chronic otitis media, Unilateral auditory hallucinations in a boy with ipsilateral conductive hearing loss **302**

Cisternography, Spontaneous intracranial hypotension **291**

Clinical epilepsy, Clinical epilepsy **678**

CMV encephalitis, Comparison of magnetic resonance imaging with neuropathological findings in the diagnosis of HIV and CMV associated CNS disease in AIDS **346**

Coeliac, Cryptic coeliac disease presenting with neuromuscular dysfunction **204**

Coenzyme Q_{10}, Brain and skeletal muscle bioenergetic failure in familial hypobetalipoproteinaemia **574**

Cognition
Cognitive function in ataxia-telangiectasia **210**
Cognitive functioning is impaired in patients with chronic fatigue syndrome devoid of psychiatric disease **151**
Gabapentin and cognition **372**

Cognitive, Is there any evidence for a protective effect of antithrombotic medication on cognitive function in men at risk of cardiovascular disease? Some preliminary findings **269**

Complex partial seizures, Ictal oroalimentary automatisms with preserved consciousness **205**

Complications, Neurological complication of inferior petrosal sinus sampling during investigation for Cushing's disease **527**

Computed tomography
Ataxic type of Creutzfeldt-Jakob disease with disproportionate enlargement of the fourth ventricle **295**
Computed tomographic analysis of hemifacial spasm **532**
SPECT, CT, and MRI in head injury **633**

Conductive hearing loss, Unilateral auditory hallucinations in a boy with ipsilateral conductive hearing loss **302**

Congenital Horner's syndrome, "Harlequin" sign and congenital Horner's syndrome **626**

Congenital muscular dystrophy of Fukuyama-type, Congenital muscular dystrophy with severe retrocollis and mental retardation **279**

Consciousness, Contemporary theories of consciousness **549**

Copper-zinc superoxide dismutase, SOD-1 mutations in United Kingdom families with amyotrophic lateral sclerosis **205**

Coronary bypass surgery, Neuropsychological disorders after coronary bypass surgery **644**

Cramps, Familial cramp with a mutation of the adult skeletal muscle sodium channel α subunit gene **208**

Cranial nerve, Transient multiple cranial nerve involvement as a

first sign of macrophage activation syndrome **292**
Creutzfeldt-Jakob disease
Ataxic type of Creutzfeldt-Jakob disease with disproportionate enlargement of the fourth ventricle **295**
Creutzfeldt-Jakob disease and stress **541**
Genetics of Creutzfeldt-Jakob disease in the United Kingdom **206**
Cryptococcus, Pseudotumour cerebri syndrome due to cryptococcal meningitis **96**
CSF leak, Spontaneous intracranial hypotension **291**
CSF rhinorrhoea, Idiopathic intracranial hypertension in female homozygous twins **652**
Cushing's syndrome, Neurological complication of inferior petrosal sinus sampling during investigation for Cushing's disease **527**
Cutaneous necrosis, Case of cutaneous necrosis during interferon-β 1b (B-IFN) therapy in multiple sclerosis **418**
Cysticercosis, Albendazole therapy for subarachnoid cysticerci **659**
Cytomegalovirus, Cytomegalovirus infections and anti-GM2 antibodies in Guillain-Barré syndrome **641**
Cytosine arabinoside, Progressive multifocal leucoencephalopathy treated with cytosine arabinoside **427**

Decerebration, Eye opening reflex triggered by flexion of an arm **424**
Decision making, Differences in decision making between United Kingdom and United States neurologists **205**
Delirium, Neuropsychological disorders after coronary bypass surgery **644**
Dementia
Anxiety disorders in non-demented and demented elderly patients **294**
Basis for behavioural disturbances in dementia **303**
Diencephalic temporal order amnesia **163**
Japanese family with a variant of Gerstmann-Sträussler-Scheinker disease **454**
Obsessive-compulsive behaviour and cognitive impairment in a parkinsonian patient after left putaminal lesion **288**
Demyelinating disease, Polyneuropathies associated with high titre antisulphatide antibodies **581**
Demyelinating polyneuropathy, Decreased electrical excitability of peripheral nerves in demyelinating polyneuropathies **398**
Depression
Psychiatric manifestations of neurocysticercosis **612**
Psychiatric profiles and patterns of cerebral blood flow in focal epilepsy **458**
Subcortical vascular disease in elderly patients with treatment resistant depression **196**
Devic's neuromyelitis optica, Neuromyelitis optica (Devic's syndrome) **85**
Dexamethasone
Early changes in peritumorous oedema and contralateral white matter after dexamethasone **590**
Pulsed high dose dexamethasone treatment in chronic inflammatory demyelinating polyneuropathy **388**
Diagnosis, Hallucinations and signs of parkinsonism help distinguish patients with dementia and cortical Lewy bodies from patients with Alzheimer's disease at presentation **16**
Diagnostic accuracy, Fallacies in the pathological confirmation of the diagnosis of Alzheimer's disease **209**
Diagnostic criteria, Operational criteria for the classification of chronic alcoholics **51**
Dipole, Dipole source localisation **214**
Disialosyl groups, Chronic sensory ataxic neuropathy and ophthalmoplegia with oculomotor nerve hypertrophy associated with IgM antibodies against gangliosides containing disialosyl groups **673**
Disturbance of stance, Role of weakness of triceps surae muscles in astasia without abasia **496**
Dopamine, [^{18}F]Fluorodopa PET shows striatal dopaminergic dysfunction in juvenile neuronal ceroid lipofuscinosis **622**
Dopamine D2 receptor, Low striatal D2 receptor binding as assessed by [^{123}I]IBZM SPECT in patients with writer's cramp **672**
Dopamine transporter imaging, [^{123}I]FP-CIT SPECT shows a pronounced decline of striatal dopamine transporter labelling in early and advanced Parkinson's disease **133**
Dorsal interosseous muscle, Wasting, weakness, and the MRC scale in the first dorsal interosseous muscle **541**
Double crush, Entrapment of motor nerves in motor neuron disease **71**
Down's syndrome, Down's syndrome and Parkinson's disease **289**
Dynamometry, Clinical assessment of muscle force **213**
Dystonia, Dystonia in progressive supranuclear palsy **352**
DYT1 gene, Non-DYT1 dystonia in a large Italian family **357**

Eclampsia, Reversibility of brain lesions in eclampsia **9**
EDSS, Reliability, validity, and responsiveness of the Kurtzke expanded disability status scale in multiple sclerosis **212**
Elderly, Anxiety disorders in non-demented and demented elderly patients **294**
Electrodiagnosis, Polyneuropathies associated with high titre antisulphatide antibodies **581**
Electroencephalography
Endovascular electroencephalography **193**
Ictal cerebral perfusion related to EEG in drug resistant focal epilepsy of childhood **377**
Electrophysiological monitoring, Electrophysiological monitoring in neurological respiratory insufficiency **299**
Encephalopathy, Fulminant encephalopathy due to the catastrophic primary antiphospholipid syndrome **300**
Enhanced MRI, Gadolinium enhanced MRI predicts clinical and MRI disease activity in relapsing-remitting multiple sclerosis **285**
Entrapment, Entrapment of motor nerves in motor neuron disease **71**
Epidemiology
Epidemiological features of Guillain-Barré syndrome in Sweden, 1978–93 **447**
Epidemiology of peripheral neuropathy **310**
Genetic epidemiology of multiple sclerosis **553**
How far are we in understanding the cause of Parkinson's disease? **104**
Epilepsy
Cerebellar atrophy and prognosis after temporal lobe resection **501**
Changing face of reflex epilepsy **215**
Gabapentin and cognition **372**
Psychosocial outcome of young adults with epilepsy in childhood **265**
Epilepsy surgery, Is ^{11}C-flumazenil PET superior to ^{18}FDG PET and ^{123}I-iomazenil SPECT in presurgical evaluation of temporal lobe epilepsy? **141**
Episodic memory, Disorders of semantic memory **431**
Erythema scarlatiniforma desquaminativum recidivans, Ferréol-Besnier disease with associated recurrent meningitis **297**
Evaluation, Reliability, validity, and responsiveness of the Kurtzke expanded disability status scale in multiple sclerosis **212**
Executive dysfunction, Relation between cognitive dysfunction and pseudobulbar palsy in amyotrophic lateral sclerosis **464**
Exertional heatstroke, Blood lactate threshold and type II fibre predominance in patients with exertional heatstroke **182**
Extraocular muscle weakness, Ocular myasthenia gravis **156**
Extrapontine myelinolysis, Extrapontine myelinolysis presenting with parkinsonism as a sequel of rapid correction of hyponatraemia **422**
Extrapyramidalism, Motor and cognitive function in Lewy body dementia **243**
Eye opening reflex, Eye opening reflex triggered by flexion of an arm **424**

Facial recognition, Impairment of facial recognition in patients with right cerebral infarcts quantified by computer aided "morphing" **261**
Familial hypobetalipoproteinaemia, Brain and skeletal muscle bioenergetic failure in familial hypobetalipoproteinaemia **574**
Familial multiple sclerosis, Risks of multiple sclerosis in relatives of patients in Flanders, Belgium **329**
Family history
Family history of subarachnoid haemorrhage **273**
Is family history an independent risk factor for stroke? **66**
Fatty acid oxidation defects, Characterisation of carnitine palmitoyltransferases in patients with a carnitine palmitoyltransferase deficiency **169**
FDG PET, Is ^{11}C-flumazenil PET superior to ^{18}FDG PET and ^{123}I-iomazenil SPECT in presurgical evaluation of temporal lobe epilepsy? **141**
Feeling cold, Feeling cold **198**
Fibroblast permeabilisation, Characterisation of carnitine palmitoyltransferases in patients with a carnitine palmitoyltransferase deficiency **169**

Flexor reflex latency, Increase of flexor reflex latency in patients with amyotrophic lateral sclerosis treated with riluzole **427**
Flumazenil PET, Is ^{11}C-flumazenil PET superior to ^{18}FDG PET and ^{123}I-iomazenil SPECT in presurgical evaluation of temporal lobe epilepsy? **141**
Fluorodopa positron emission tomography, [^{18}F]Fluorodopa PET shows striatal dopaminergic dysfunction in juvenile neuronal ceroid lipofuscinosis **622**
Focal epilepsy, Psychiatric profiles and patterns of cerebral blood flow in focal epilepsy **458**
Follow up, Neuropsychological disorders after coronary bypass surgery **644**
Follow up service, Does routine follow up after head injury help? A randomised controlled trial **478**
[^{123}I]FP-CIT, [^{123}I]FP-CIT SPECT shows a pronounced decline of striatal dopamine transporter labelling in early and advanced Parkinson's disease **133**
Frontal lobe
Impairment in dating and retrieving remote events in patients with early Parkinson's disease **410**
Phonological loop in medicated patients with Parkinson's disease **609**
Frontal syndrome, Development of the anterior cingulate syndrome in a child due to delayed necrotising methotrexate leukoencephalopathy **301**
Frontotemporal dementia, Lethal hyperoral behaviour from the Klüver-Bucy syndrome **293**
Functional, Measuring single cognitive events with whole brain functional magnetic resonance imaging **204**

Gabapentin, Gabapentin and cognition **372**
Gait, Rhythmic auditory-motor facilitation of gait patterns in patients with Parkinson's disease **22**
Gall bladder, Paraneoplastic opsoclonus associated with cancer of the gall bladder **293**
Genes, Genes and parkinsonism **305**
Genetic, Genetics of Creutzfeldt-Jakob disease in the United Kingdom **206**
Genetic factors, Is family history an independent risk factor for stroke? **66**
Genetic linkage, Autosomal dominant cerebellar ataxia with retinal degeneration (ADCA II) **367**
Genetic testing, Clinical rationale of genetic testing in dementia **217**
Gerstmann-Sträussler-Scheinker disease, Japanese family with a variant of Gerstmann-Sträussler-Scheinker disease **454**
Gilles de la Tourette syndrome, Controlled study of sensory tics in Gilles de la Tourette syndrome and obsessive-compulsive disorder using a structured interview **188**
Glutamate, Glutamatergic dysfunction in catatonia? Successful treatment of three acute akinetic catatonic patients with the NMDA antagonist amantadine **404**
Glutamic acid decarboxylase, Antibodies to ^{125}I-glutamic acid decarboxylase in patients with stiff man syndrome **395**
GTP cyclohydrolase I (GTP-CH I) gene, Novel point mutation in the GTP cyclohydrolase I gene in a Spanish family with hereditary progressive and dopa responsive dystonia **420**
Guillain-Barré syndrome
Cytomegalovirus infections and anti-GM2 antibodies in Guillain-Barré syndrome **641**
Epidemiological features of Guillain-Barré syndrome in Sweden, 1978–93 **447**
Inhibitor of matrix metalloproteinase activity and TNFα release is an effective treatment in experimental autoimmune neuritis **204**
Residual health status after Guillain-Barré syndrome **637**
Serum tumour necrosis factor correlates with neurophysiological parameters for peripheral demyelination in patients with Guillain-Barré syndrome **206**

Haemophagocytic syndrome, Transient multiple cranial nerve involvement as a first sign of macrophage activation syndrome **292**
Headache
Persistent headache after diagnostic lumbar puncture **215**
Postlumbar puncture headache **429**
Spontaneous intracranial hypotension **291**
Headache recurrence, Efficacy of subcutaneous sumatriptan in the treatment of recurrence of migraine headache **490**
Head injury
Alzheimer's disease after remote head injury **119**
Does routine follow up after head injury help? A randomised controlled trial **478**
Post-traumatic stress disorder and head injury as a dual diagnosis **82**
SPECT, CT, and MRI in head injury **633**
Use of the Stroop phenomenon as a diagnostic tool for malingering **617**
Hemianopia, Gaze related enhancement of hemispheric blood flow in a stroke patient **538**
Hemifacial spasm, Computed tomographic analysis of hemifacial spasm **532**
Hemiplegia, Impairment and recovery of left motor function in patients with right hemiplegia **77**
Hereditary motor and sensory neuropathology type II, Mutilating neuropathic ulcerations in a chromosome 3q13-q22 linked Charcot-Marie-Tooth disease type 2B family **570**
Hereditary motor and sensory neuropathy, Autosomal recessive inheritance of hereditary motor and sensory neuropathy with optic atrophy **385**
Hereditary progressive and dopa-responsive dystonia (HPD/DRD), Novel point mutation in the GTP cyclohydrolase I gene in a Spanish family with hereditary progressive and dopa responsive dystonia **420**
Hereditary sensory neuropathy type I, Mutilating neuropathic ulcerations in a chromosome 3q13-q22 linked Charcot-Marie-Tooth disease type 2B family **570**
Heroin, Heroin pyrolysate leucoencephalopathy **209**
Herpes simplex type 1 virus, Neurotropic viruses and Alzheimer's disease **586**
Hippocampus, Decreased cortical glucose metabolism correlates with hippocampal atrophy in Alzheimer's disease as shown by MRI and PET **596**
HIV leukoencephalopathy, Comparison of magnetic resonance imaging with neuropathological findings in the diagnosis of HIV and CMV associated CNS disease in AIDS **346**
HIV seropositivity, Intracranial hypertension and HIV associated meningoradiculitis **407**
HMPAO-SPECT, Psychiatric profiles and patterns of cerebral blood flow in focal epilepsy **458**
$H_2^{15}O$-PET
Central pathway of photic reflex myoclonus **414**
Role of the ipsilateral motor cortex in mirror movements **629**
Homozygous twins, Idiopathic intracranial hypertension in female homozygous twins **652**
24 hour ambulant blood pressure measurement, Assessment of autonomic dysreflexia in patients with spinal cord injury **473**
Human, Sound movement detection deficit due to a brainstem lesion **522**
Human genetics, Case of Machado-Joseph disease presenting with spastic paraparesis **542**
Human immunodeficiency virus, Correlation of MRI and neuropathology in AIDS **92**
Human immunoglobulin, Treatment of Miller Fisher syndrome with human immunoglobulin **209**
Huntington's disease
Decreased N-acetyl-aspartate/choline ratio and increased lactate in the frontal lobe of patients with Huntington's disease **27**
Maternal transmission in sporadic Huntington's disease **535**
Hydrocephalus shunts, Hydrodynamic properties of hydrocephalus shunts **43**
Hydrodynamics, Hydrodynamic properties of hydrocephalus shunts **43**
5-Hydroxytryptophan-3 antagonists, Ondansetron, a 5-HT3 antagonist, improves cerebellar tremor **282**
Hypercalcaemia, Treatment of immobilisation hypercalcaemia in acute intermittent porphyria **421**
Hypoexcitability, Decreased electrical excitability of peripheral nerves in demyelinating polyneuropathies **398**
Hypoperfusion, Ictal cerebral perfusion related to EEG in drug resistant focal epilepsy of childhood **377**

Ictal automatisms, Ictal oroalimentary automatisms with preserved consciousness **205**
Idiopathic cerebellar ataxia, Saccade velocity in idiopathic and autosomal dominant cerebellar ataxia **662**
Idiopathic intracranial hypertension
Managing idiopathic intracranial hypertension **204**
Monitoring papilloedema with confocal laser tomography in idiopathic intracranial hypertension **204**
Idiopathic torsion dystonia, Non-DYT1 dystonia in a large Italian family **357**

IgM antibodies, Chronic sensory ataxic neuropathy and ophthalmoplegia with oculomotor nerve hypertrophy associated with IgM antibodies against gangliosides containing disialosyl groups **673**

Immunocytochemistry, Polyneuropathies associated with high titre antisulphatide antibodies **581**

Immunosuppressive treatment, Ocular myasthenia gravis **156**

Incidence
Epidemiological features of Guillain-Barré syndrome in Sweden, 1978–93 **447**
International comparison of the incidence of stroke and its pathological types **210**

Interferon-*a*
Low dose interferon-α is safe in patients with myasthenia gravis **302**
Rapid neurological deterioration in a patient with multiple sclerosis treated with systemic interleukin-2 and interferon-α 2b for metastatic renal cell carcinoma **100**

Interferon-β 1b, Case of cutaneous necrosis during interferon-β 1b (B-IFN) therapy in multiple sclerosis **418**

Interleukin-1 receptor antagonist, Multiple sclerosis **200**

Interleukin-2, Rapid neurological deterioration in a patient with multiple sclerosis treated with systemic interleukin-2 and interferon-α 2b for metastatic renal cell carcinoma **100**

Intermediate syndrome, Pathophysiology of the intermediate syndrome of organophosphorus poisoning **201**

Interval measures, Normative data for functions assessed in patients with neuromuscular disease **209**

Intracranial hypertension
Idiopathic intracranial hypertension in female homozygous twins **652**
Intracranial hypertension and HIV associated meningoradiculitis **407**
Pseudotumour cerebri syndrome due to cryptococcal meningitis **96**

Intracranial hypotension, Spontaneous intracranial hypotension **291**

Intravenous immunoglobulin
Home therapy with self infused intravenous immunoglobulin in the treatment of acquired chronic demyelinating neuropathies **208**
Long term follow up of multifocal motor neuropathy with conduction block under treatment **391**
Successful treatment of stiff man syndrome with intravenous immunoglobulin **426**
Treatment of acute pandysautonomia with intravenous immunoglobulin **529**

Intravenous methylprednisolone, Effect of intravenous methylprednisolone on leucocyte and endothelial cell adhesion molecule expression in multiple sclerosis **209**

In vivo ^{31}P-MRS, Brain and skeletal muscle bioenergetic failure in familial hypobetalipoproteinaemia **574**

Iomazenil SPECT, Is ^{11}C-flumazenil PET superior to ^{18}FDG PET and ^{123}I-iomazenil SPECT in presurgical evaluation of temporal lobe epilepsy? **141**

Ischaemia, Trigeminal neuralgia in pontine ischaemia **297**

Ischaemic stroke, Pathogenesis of ischaemic stroke associated with symptomatic extracranial carotid atheroma **207**

"Islands" of memory, Post-traumatic stress disorder and head injury as a dual diagnosis **82**

IT15 gene, Maternal transmission in sporadic Huntington's disease **535**

Klüver-Bucy syndrome, Lethal hyperoral behaviour from the Klüver-Bucy syndrome **293**

Kurtzke expanded disability, Responsiveness of disability measures in multiple sclerosis **213**

Laboratory test, Hydrodynamic properties of hydrocephalus shunts **43**

Lactate, Cerebrospinal fluid lactate and pyruvate concentrations in patients with Parkinson's disease and mitochondrial encephalomyopathy, lactic acidosis and stroke-like episodes (MELAS) **290**

Lactate peaks, Decreased N-acetyl-aspartate/choline ratio and increased lactate in the frontal lobe of patients with Huntington's disease **27**

Landry-Guillain-Barré-Strohl syndrome, Octave Landry's ascending paralysis and the Landry-Guillain-Barré-Strohl syndrome **495**

Laser tomography, Monitoring papilloedema with confocal laser tomography in idiopathic intracranial hypertension **204**

Lateralisation, Rotated drawing **419**

Lateralisation phenomenon, Unilateral auditory hallucinations in a boy with ipsilateral conductive hearing loss **302**

Laterality, Psychiatric profiles and patterns of cerebral blood flow in focal epilepsy **458**

Leber hereditary optic neuropathy, Neuromyelitis optica (Devic's syndrome) **85**

Leeds MSQoL scale, Leeds MSQoL scale **210**

Lesion, Sound movement detection deficit due to a brainstem lesion **522**

Leukoaraiosis, Vascular deaths in elderly neurological patients with leukoaraiosis **177**

Leukoencephalopathy
Development of the anterior cingulate syndrome in a child due to delayed necrotising methotrexate leukoencephalopathy **301**
Heroin pyrolysate leucoencephalopathy **209**

Lewy body dementia
Hallucinations and signs of parkinsonism help distinguish patients with dementia and cortical Lewy bodies from patients with Alzheimer's disease at presentation **16**
Motor and cognitive function in Lewy body dementia **243**

Limb movement disorder, Periodic limb movement disorder **211**

Linkage analysis, Mutilating neuropathic ulcerations in a chromosome 3q13-q22 linked Charcot-Marie-Tooth disease type 2B family **570**

Listing's law, Pathological torsional eye deviation during voluntary saccades **253**

Longitudinal study, Age related cognitive decline **601**

Lordosis, Bent spine syndrome **429**

Lumbar puncture
Persistent headache after diagnostic lumbar puncture **215**
Postlumbar puncture headache **429**

Lymphocytic infiltration, Multifocal cerebral T cell lymphocytosis presenting with optic neuritis **213**

Machado-Joseph disease, Case of Machado-Joseph disease presenting with spastic paraparesis **542**

Macrophage activation syndrome, Transient multiple cranial nerve involvement as a first sign of macrophage activation syndrome **292**

Magnetic resonance angiography, Magnetic resonance angiography in acute cerebral infarction **211**

Magnetic resonance imaging
Brain and spinal cord MRI in motor neuron disease **428**
Brain and spinal cord MRI in motor neuron disease **546**
Comparison of magnetic resonance imaging with neuropathological findings in the diagnosis of HIV and CMV associated CNS disease in AIDS **346**
Correlation of MRI and neuropathology in AIDS **92**
High signal intensity on T1 weighted MRI of the anterolateral column of the spinal cord in amyotrophic lateral sclerosis **88**
MRI appearances in subacute combined degeneration of the spinal cord due to vitamin B12 deficiency **99**
Multimodal imaging in acute stroke **207**
Reversibility of brain lesions in eclampsia **9**
SPECT, CT, and MRI in head injury **633**
Therapeutic effect of mitoxantrone combined with methylprednisolone in multiple sclerosis **112**
Spontaneous intracranial hypotension **291**

Magnetic resonance spectroscopy, Proton magnetic resonance spectroscopy in Parkinson's disease and progressive supranuclear palsy **239**

Magnetic stimulation, Motor evoked potentials in the preoperative and postoperative assessment of normal pressure hydrocephalus **517**

Magnetisation transfer ratio, Magnetisation transfer ratio of normal brain white matter **223**

Malignant gliomas, Distribution of tenascin in human malignant gliomas is not related to cell proliferation **290**

Malingering, Use of the Stroop phenomenon as a diagnostic tool for malingering **617**

Management, Managing idiopathic intracranial hypertension **204**

Management guidelines, On guidelines for the management of the severe head injury **109**

Marshall Hall, Marshall Hall and the concepts of reflex action **228**

MBP, Analysis of the 5′ tandem repeat and exon sequences of the myelin basic protein gene in multiple sclerosis **210**

Measurement reliability, Measurement of post-traumatic amnesia **38**

Medium chain triglyceride therapy, Characterisation of carnitine palmitoyltransferases in patients with a carnitine palmitoyltransferase deficiency **169**
Memory, Age related cognitive decline **601**
Memory disorders, Pure amnestic syndrome after MDMA ("ecstasy") ingestion **418**
Meningioma
Paroxysmal tinnitus due to a meningioma in the cerebellopontine angle **401**
Spinal and cutaneous schwannomatosis is a variant form of type 2 neurofibromatosis **361**
Meningitis
Invasive meningococcal disease in Plymouth **205**
Pseudotumour cerebri syndrome due to cryptococcal meningitis **96**
Meningococcaemia, Invasive meningococcal disease in Plymouth **205**
Mental retardation, Congenital muscular dystrophy with severe retrocollis and mental retardation **279**
Metabolism, Early changes in peritumorous oedema and contralateral white matter after dexamethasone **590**
Metalloporphyrins, Little imitator—porphyria **319**
Metalloproteinase, Inhibitor of matrix metalloproteinase activity and TNFα release is an effective treatment in experimental autoimmune neuritis **204**
3,4-Methylenedioxymethamphetamine, Pure amnestic syndrome after MDMA ("ecstasy") ingestion **418**
5,10-methylenetetrahydrofolate reductase, Thermolabile variant of 5,10-methylenetetrahydrofolate reductase is not associated with Parkinson's disease **671**
Methylprednisolone, Therapeutic effect of mitoxantrone combined with methylprednisolone in multiple sclerosis **112**
Migraine
Efficacy of subcutaneous sumatriptan in the treatment of recurrence of migraine headache **490**
Recurrent neck pain as a variant of migraine **669**
Regional cerebral blood flow studies in patients with migraine **214**
Miller Fisher syndrome, Treatment of Miller Fisher syndrome with human immunoglobulin **209**
Mini mental state examination, Rotated drawing **419**
Mirror movement, Role of the ipsilateral motor cortex in mirror movements **629**
Missense mutation, Novel point mutation in the GTP cyclohydrolase I gene in a Spanish family with hereditary progressive and dopa responsive dystonia **420**
Mitochondrial DNA
Neuromyelitis optica (Devic's syndrome) **85**
Two unusual clinical presentations of the mitochondrial DNA A3243G point mutation in adult neurological practice **544**
Mitochondrial encephalomyopathy, Cerebrospinal fluid lactate and pyruvate concentrations in patients with Parkinson's disease and mitochondrial encephalomyopathy, lactic acidosis and stroke-like episodes (MELAS) **290**
Mitoxantrone, Therapeutic effect of mitoxantrone combined with methylprednisolone in multiple sclerosis **112**
Mollaret's meningitis, Ferréol-Besnier disease with associated recurrent meningitis **297**
Monoclonal paraprotein, Raised antibody titre against conjugated S-nitrosocysteine in IgM paraproteinaemic peripheral neuropathy **202**
Mortality data, British motor neuron disease twin study **562**
Motor evoked potentials, Motor evoked potentials in the preoperative and postoperative assessment of normal pressure hydrocephalus **517**
Motor function
Impairment and recovery of left motor function in patients with right hemiplegia **77**
Refsum's disease **671**
Motor neuron disease
Brain and spinal cord MRI in motor neuron disease **428**
Brain and spinal cord MRI in motor neuron disease **546**
British motor neuron disease twin study **562**
MRC scale, Wasting, weakness, and the MRC scale in the first dorsal interosseous muscle **541**
MRI, Measuring single cognitive events with whole brain functional magnetic resonance imaging **204**
Multifocal motor neuropathy, Long term follow up of multifocal motor neuropathy with conduction block under treatment **391**
Multiple sclerosis
Analysis of the 5′ tandem repeat and exon sequences of the myelin basic protein gene in multiple sclerosis **210**
Case of cutaneous necrosis during interferon-β 1b (B-IFN) therapy in multiple sclerosis **418**
Effect of intravenous methylprednisolone on leucocyte and endothelial cell adhesion molecule expression in multiple sclerosis **209**
Genetic epidemiology of multiple sclerosis **553**
Leeds MSQoL scale **210**
Multiple sclerosis **200**
Neuromyelitis optica (Devic's syndrome) **85**
Prospective study of neurorehabilitation in multiple sclerosis **423**
Rapid neurological deterioration in a patient with multiple sclerosis treated with systemic interleukin-2 and interferon-α 2b for metastatic renal cell carcinoma **100**
Risks of multiple sclerosis in relatives of patients in Flanders, Belgium **329**
Therapeutic effect of mitoxantrone combined with methylprednisolone in multiple sclerosis **112**
Viral infection and disease activity in multiple sclerosis **207**
Multiple system atrophy
Loss of large myelinated nerve fibres of the recurrent laryngeal nerve in patients with multiple system atrophy and vocal cord palsy **234**
Urodynamic and neurophysiological evaluation in Parkinson's disease and multiple system atrophy **507**
Value of the sympathetic skin response in detecting autonomic dysfunction in multiple system atrophy **213**
Muscle force, Clinical assessment of muscle force **213**
Muscles, Isolated myoclonus of platysma **214**
Mutism, Development of the anterior cingulate syndrome in a child due to delayed necrotising methotrexate leukoencephalopathy **301**
Myasthenia gravis,
Ocular myasthenia gravis **156**
Low dose interferon-α is safe in patients with myasthenia gravis **302**
Myelopathy, Pathogenesis of cervical spondylotic myelopathy **334**
Myoclonus, Isolated myoclonus of platysma **214**

N-acetyl-aspartate/choline ratio, Decreased N-acetyl-aspartate/choline ratio and increased lactate in the frontal lobe of patients with Huntington's disease **27**
Neck pain, Recurrent neck pain as a variant of migraine **669**
Necropsy, Comparison of magnetic resonance imaging with neuropathological findings in the diagnosis of HIV and CMV associated CNS disease in AIDS **346**
Neglect
Gaze related enhancement of hemispheric blood flow in a stroke patient **538**
Temporal dynamics of attention in visuospatial neglect **205**
Nerve conduction, Entrapment of motor nerves in motor neuron disease **71**
Nerve growth factor, Nerve growth factor concentrations in human cerebral blood vessels **199**
Neurite growth inhibitory molecules, Amyloid β-peptides as neurite growth inhibitory molecules **212**
Neurocysticercosis
Albendazole therapy for subarachnoid cysticerci **659**
Psychiatric manifestations of neurocysticercosis **612**
Neurofibromatosis, Spinal and cutaneous schwannomatosis is a variant form of type 2 neurofibromatosis **361**
Neuroimaging, Pavlov on neuroimaging **636**
Neurological disease, Olfactory evoked responses and identification tests in neurological disease **214**
Neurological impairment, Operational criteria for the classification of chronic alcoholics **51**
Neuromuscular, Cryptic coeliac disease presenting with neuromuscular dysfunction **204**
Neuromyotonia, Antibodies to ^{125}I-glutamic acid decarboxylase in patients with stiff man syndrome **395**
Neuronal ceroid lipofuscinosis, [^{18}F]Fluorodopa PET shows striatal dopaminergic dysfunction in juvenile neuronal ceroid lipofuscinosis **622**
Neuropathic ulcerations, Mutilating neuropathic ulcerations in a chromosome 3q13-q22 linked Charcot-Marie-Tooth disease type 2B family **570**
Neuropathology, Correlation of MRI and neuropathology in AIDS **92**
Neuropathy, Tremor associated with benign IGM paraproteinaemic neuropathy **205**

Neurophysiological, Piriformis syndrome **210**
Neuropsychological changes, Comparative evolution of Alzheimer's disease and vascular and mixed dementia **214**
Neuropsychological impairment, Relation between cognitive dysfunction and pseudobulbar palsy in amyotrophic lateral sclerosis **464**
Neuropsychology
Motor and cognitive function in Lewy body dementia **243**
Neuropsychological disorders after coronary bypass surgery **644**
Pure amnestic syndrome after MDMA ("ecstasy") ingestion **418**
Neurorehabilitation, Prospective study of neurorehabilitation in multiple sclerosis **423**
Neurosarcoid, Audiovestibular pathology in neurosarcoid **211**
Neurosurgical intensive care, Impact on clinical outcome of secondary brain insults during the neurointensive care of patients with subarachnoid haemorrhage **512**
Nitrate, Rostrocaudal gradient of nitrate plus nitrite concentrations in CSF **100**
Nitrite, Rostrocaudal gradient of nitrate plus nitrite concentrations in CSF **100**
NMDA antagonist, Glutamatergic dysfunction in catatonia? Successful treatment of three acute akinetic catatonic patients with the NMDA antagonist amantadine **404**
Non-epileptic seizures, Pseudoseizures or non-epileptic seizures (NES) **200**
Normal brain white matter, Magnetisation transfer ratio of normal brain white matter **223**
Normal pressure hydrocephalus, Motor evoked potentials in the preoperative and postoperative assessment of normal pressure hydrocephalus **517**
Normative data, Normative data for functions assessed in patients with neuromuscular disease **209**

Obsessive compulsive disorder
Controlled study of sensory tics in Gilles de la Tourette syndrome and obsessive-compulsive disorder using a structured interview **188**
Obsessive-compulsive behaviour and cognitive impairment in a parkinsonian patient after left putaminal lesion **288**
Psychiatric profiles and patterns of cerebral blood flow in focal epilepsy **458**
Octave Landry, Octave Landry's ascending paralysis and the Landry-Guillain-Barré-Strohl syndrome **495**
Oculosympathetic system, Recurrent neck pain as a variant of migraine **669**
Olfaction, Olfactory evoked responses and identification tests in neurological disease **214**
Olfactory evoked potentials, Olfactory dysfunction in Parkinson's disease **436**
Olivopontocerebellar atrophy, Saccade velocity in idiopathic and autosomal dominant cerebellar ataxia **662**
Ondansetron, Ondansetron, a 5-HT3 antagonist, improves cerebellar tremor **282**
Ophthalmoplegia, Chronic sensory ataxic neuropathy and ophthalmoplegia with oculomotor nerve hypertrophy associated with IgM antibodies against gangliosides containing disialosyl groups **673**
Opsoclonus, Paraneoplastic opsoclonus associated with cancer of the gall bladder **293**
Optic atrophy, Autosomal recessive inheritance of hereditary motor and sensory neuropathy with optic atrophy **385**
Optic neuritis, Multifocal cerebral T cell lymphocytosis presenting with optic neuritis **213**
Organic mental disorders, Psychiatric manifestations of neurocysticercosis **612**
Organophosphorus poisoning, Pathophysiology of the intermediate syndrome of organophosphorus poisoning **201**
Outcome measures, Prospective study of neurorehabilitation in multiple sclerosis **423**

Pallidotomy
Medial pallidotomy for the treatment of Parkinson's disease **207**
Surgery for Parkinson's disease **2**
Usefulness of pallidotomy in advanced Parkinson's disease **125**
Paraneoplastic, Paraneoplastic opsoclonus associated with cancer of the gall bladder **293**
Paraneoplastic neurological syndromes, Association of antineural autoantibodies in a patient with paraneoplastic cerebellar syndrome and small cell lung carcinoma **425**
Paraparesis, MRI demonstration of reversible impairment of the blood-CNS barrier function in subacute combined degeneration of the spinal cord **298**
Paraproteinaemia, Polyneuropathies associated with high titre antisulphatide antibodies **581**
Parkinsonism
Dystonia in progressive supranuclear palsy **352**
Extrapontine myelinolysis presenting with parkinsonism as a sequel of rapid correction of hyponatraemia **422**
Genes and parkinsonism **305**
Management of parkinsonism and psychotic depression in a case of acute intermittent porphyria **542**
Prevalence of parkinsonism and Parkinson's disease in Europe **10**
Parkinson's disease
Cerebrospinal fluid lactate and pyruvate concentrations in patients with Parkinson's disease and mitochondrial encephalomyopathy, lactic acidosis and stroke-like episodes (MELAS) **290**
Desirable properties for instruments assessing quality of life **104**
Down's syndrome and Parkinson's disease **289**
Effects of an acoustic startle on reaction time in patients with Parkinsonism **211**
[^{123}I]FP-CIT SPECT shows a pronounced decline of striatal dopamine transporter labelling in early and advanced Parkinson's disease **133**
Genes and parkinsonism **305**
How far are we in understanding the cause of Parkinson's disease? **104**
Impairment in dating and retrieving remote events in patients with early Parkinson's disease **410**
Management of parkinsonism and psychotic depression in a case of acute intermittent porphyria **542**
Medial pallidotomy for the treatment of Parkinson's disease **207**
Olfactory dysfunction in Parkinson's disease **436**
Phonological loop in medicated patients with Parkinson's disease **609**
Prevalence of parkinsonism and Parkinson's disease in Europe **10**
Proton magnetic resonance spectroscopy in Parkinson's disease and progressive supranuclear palsy **239**
Rhythmic auditory-motor facilitation of gait patterns in patients with Parkinson's disease **22**
Surgery for Parkinson's disease **2**
Thermolabile variant of 5,10-methylenetetrahydrofolate reductase is not associated with Parkinson's disease **671**
Three month follow up of unilateral posteroventral pallidotomy for Parkinson's disease **208**
Urodynamic and neurophysiological evaluation in Parkinson's disease and multiple system atrophy **507**
Usefulness of pallidotomy in advanced Parkinson's disease **125**
Parkinson's pallidotomy, Medial pallidotomy for the treatment of Parkinson's disease **207**
Pathogenesis, Computed tomographic analysis of hemifacial spasm **532**
Pavlov, Pavlov on neuroimaging **636**
Pergolide, Management of parkinsonism and psychotic depression in a case of acute intermittent porphyria **542**
Periodic disease, Ferréol-Besnier disease with associated recurrent meningitis **297**
Peripheral nerve disease, Polyneuropathies associated with high titre antisulphatide antibodies **581**
Peripheral nerve diseases, Raised antibody titre against conjugated S-nitrosocysteine in IgM paraproteinaemic peripheral neuropathy **202**
Peripheral nerves, Decreased electrical excitability of peripheral nerves in demyelinating polyneuropathies **398**
Peripheral neuropathy
Epidemiology of peripheral neuropathy **310**
Role of weakness of triceps surae muscles in astasia without abasia **496**
Peritumorous oedema, Early changes in peritumorous oedema and contralateral white matter after dexamethasone **590**
Petroclival meningioma, Petroclival meningiomas **341**
Petrosal sinus sampling, Neurological complication of inferior petrosal sinus sampling during investigation for Cushing's disease **527**
Pholedrine, "Harlequin" sign and congenital Horner's syndrome **626**
Phonological loop, Phonological loop in medicated patients with Parkinson's disease **609**
Photic reflex myoclonus, Central pathway of photic reflex myoclonus **414**

Piriformis, Piriformis syndrome **210**
Playing the piano, Playing piano in visuospatial neglect **543**
A3243G point mutation, Two unusual clinical presentations of the mitochondrial DNA A3243G point mutation in adult neurological practice **544**
Polymerase chain reaction, Neurotropic viruses and Alzheimer's disease **586**
Population study, Anxiety disorders in non-demented and demented elderly patients **294**
Porphyria
Little imitator—porphyria **319**
Management of parkinsonism and psychotic depression in a case of acute intermittent porphyria **542**
Treatment of immobilisation hypercalcaemia in acute intermittent porphyria **421**
Positron emission tomography, Influence of spinal cord injury on cerebral sensorimotor systems **61**
Post-traumatic amnesia, Measurement of post-traumatic amnesia **38**
Post-traumatic stress disorder, Post-traumatic stress disorder and head injury as a dual diagnosis **82**
Posterior fossa narrowness, Computed tomographic analysis of hemifacial spasm **532**
Posteroventral pallidotomy, Three month follow up of unilateral posteroventral pallidotomy for Parkinson's disease **208**
Predictivity, Gadolinium enhanced MRI predicts clinical and MRI disease activity in relapsing-remitting multiple sclerosis **285**
Prehension movements, Visuomotor integration and the premotor cortex in humans **210**
Premotor cortex, Visuomotor integration and the premotor cortex in humans **210**
Preoperative risk assessment, Preoperative risk assessment for carotid occlusion by transcranial Doppler ultrasound **485**
Presenilin, Clinical rationale of genetic testing in dementia **217**
Prevalence, Prevalence of parkinsonism and Parkinson's disease in Europe **10**
Prion protein, Japanese family with a variant of Gerstmann-Sträussler-Scheinker disease **454**
Proceedings
Summer meeting of the British Neuropsychiatric Association **102**
Winter meeting of the British Neuropsychiatry Association, London Zoo, Regent's Park, London, 17 January 1997 **675**
Progressive multifocal leucoencephalopathy, Progressive multifocal leucoencephalopathy treated with cytosine arabinoside **427**
Progressive supranuclear palsy
Dystonia in progressive supranuclear palsy **352**
Proton magnetic resonance spectroscopy in Parkinson's disease and progressive supranuclear palsy **239**
Proprioceptive, Eye opening reflex triggered by flexion of an arm **424**
Prosopagnosia, Impairment of facial recognition in patients with right cerebral infarcts quantified by computer aided "morphing" **261**
Proton magnetic resonance spectroscopy, Balo's concentric sclerosis **655**
Pseudobulbar palsy, Relation between cognitive dysfunction and pseudobulbar palsy in amyotrophic lateral sclerosis **464**
Pseudoseizures, Pseudoseizures or non-epileptic seizures (NES) **200**
Pseudotumour cerebri
Potentially prothrombotic abnormalities of coagulation in benign intracranial hypertension **229**
Pseudotumour cerebri syndrome due to cryptococcal meningitis **96**
Psychiatric illness, Cognitive functioning is impaired in patients with chronic fatigue syndrome devoid of psychiatric disease **151**
Psychiatric morbidity, Psychosocial outcome of young adults with epilepsy in childhood **265**
Psychosis
Little imitator—porphyria **319**
Psychiatric manifestations of neurocysticercosis **612**
Psychosocial factors, Residual health status after Guillain-Barré syndrome **637**
Pupillary darkness reflex, Altered pupillary size and darkness and light reflexes in Alzheimer's disease **665**
Pupillary light reflex, Altered pupillary size and darkness and light reflexes in Alzheimer's disease **665**
Quality of life measurement, Desirable properties for instruments assessing quality of life **104**
Radical resection, Petroclival meningiomas **341**
Randomised controlled trial, Does routine follow up after head injury help? A randomised controlled trial **478**
Reaction time, Use of the Stroop phenomenon as a diagnostic tool for malingering **617**
Recurrence risk, Risks of multiple sclerosis in relatives of patients in Flanders, Belgium **329**
Recurrent laryngeal nerve, Loss of large myelinated nerve fibres of the recurrent laryngeal nerve in patients with multiple system atrophy and vocal cord palsy **234**
Reflex, Changing face of reflex epilepsy **215**
Reflex action, Marshall Hall and the concepts of reflex action **228**
Refsum's disease, Refsum's disease **671**
Regional cerebral blood flow, Regional cerebral blood flow studies in patients with migraine **214**
Regression of paraneoplastic neurological syndrome, Spontaneous neurological improvement in anti-Hu associated encephalomyelitis **276**
Relapsing-remitting multiple sclerosis, Gadolinium enhanced MRI predicts clinical and MRI disease activity in relapsing-remitting multiple sclerosis **285**
Remacemide, Remacemide and its metabolite ARL12495 reduce spontaneous synaptic potentials in MG^{++} free krebs **212**
Remote memory, Impairment in dating and retrieving remote events in patients with early Parkinson's disease **410**
Renal cell carcinoma, Rapid neurological deterioration in a patient with multiple sclerosis treated with systemic interleukin-2 and interferon-α 2b for metastatic renal cell carcinoma **100**
Resource, Differences in decision making between United Kingdom and United States neurologists **205**
Respiratory function, Techniques for the neurophysiological evaluation of respiratory function **215**
Respiratory insufficiency, Electrophysiological monitoring in neurological respiratory insufficiency **299**
Responsiveness, Responsiveness of disability measures in multiple sclerosis **213**
Retinal degeneration, Autosomal dominant cerebellar ataxia with retinal degeneration (ADCA II) **367**
Retrocollis, Congenital muscular dystrophy with severe retrocollis and mental retardation **279**
Riluzole, Increase of flexor reflex latency in patients with amyotrophic lateral sclerosis treated with riluzole **427**
Rivermead mobility index, Pulsed high dose dexamethasone treatment in chronic inflammatory demyelinating polyneuropathy **388**
Robert Whytt, Robert Whytt and the stretch reflex **484**
Rotated drawing, Rotated drawing **419**
Ruptured dermoid cyst, Status epilepticus due to a ruptured dermoid cyst **222**
Saccade velocity, Saccade velocity in idiopathic and autosomal dominant cerebellar ataxia **662**
Schwannoma, Spinal and cutaneous schwannomatosis is a variant form of type 2 neurofibromatosis **361**
Schwannomatosis, Spinal and cutaneous schwannomatosis is a variant form of type 2 neurofibromatosis **361**
Secondary brain insults, Impact on clinical outcome of secondary brain insults during the neurointensive care of patients with subarachnoid haemorrhage **512**
Self consciousness, Contemporary theories of consciousness **549**
Semantic memory, Disorders of semantic memory **431**
Sensorimotor facilitation, Rhythmic auditory-motor facilitation of gait patterns in patients with Parkinson's disease **22**
Sensory ataxic neuropathy, Chronic sensory ataxic neuropathy and ophthalmoplegia with oculomotor nerve hypertrophy associated with IgM antibodies against gangliosides containing disialosyl groups **673**
Sensory nerve action potentials, Refsum's disease **671**
Sensory tics, Controlled study of sensory tics in Gilles de la Tourette syndrome and obsessive-compulsive disorder using a structured interview **188**
Serotonin syndrome, Triphasic waves in serotonin syndrome **200**
Severe head injury, On guidelines for the management of the severe head injury **109**
Shy-Drager syndrome, Management of sleep related breathing disorders in the Shy-Drager syndrome **207**
Sickness impact profile, Residual health status after Guillain-Barré syndrome **637**

Silent period, Role of the ipsilateral motor cortex in mirror movements **629**
Single photon emission computed tomography, Ictal cerebral perfusion related to EEG in drug resistant focal epilepsy of childhood **377**
Sleep apnoea, Habitual snoring, sleep apnoea, and stroke prevention **303**
Sleep related breathing disorders, Management of sleep related breathing disorders in the Shy-Drager syndrome **207**
Smell identification, Olfactory dysfunction in Parkinson's disease **436**
S-nitrosocysteine, Raised antibody titre against conjugated S-nitrosocysteine in IgM paraproteinaemic peripheral neuropathy **202**
Snoring, Habitual snoring, sleep apnoea, and stroke prevention **303**
Social outcome, Psychosocial outcome of young adults with epilepsy in childhood **265**
Sodium channel myotonia, Familial cramp with a mutation of the adult skeletal muscle sodium channel α subunit gene **208**
Somatosensory, Dipole source localisation **214**
Sound, Sound movement detection deficit due to a brainstem lesion **522**
Sound movement, Sound movement detection deficit due to a brainstem lesion **522**
Spasms, Stiff leg syndrome **31**
Spastic paraparesis, Case of Machado-Joseph disease presenting with spastic paraparesis **542**
SPECT
[^{123}I]FP-CIT SPECT shows a pronounced decline of striatal dopamine transporter labelling in early and advanced Parkinson's disease **133**
Low striatal D2 receptor binding is assessed by [^{123}I]IBZM SPECT in patients with writer's cramp **672**
SPECT, CT, and MRI in head injury **633**
Spectroscopy, Early changes in peritumorous oedema and contralateral white matter after dexamethasone **590**
Sphincter electromyography, Urodynamic and neurophysiological evaluation in Parkinson's disease and multiple system atrophy **507**
Spinal cord, MRI appearances in subacute combined degeneration of the spinal cord due to vitamin B12 deficiency **99**
Spinal cord injury
Assessment of autonomic dysreflexia in patients with spinal cord injury **473**
Influence of spinal cord injury on cerebral sensorimotor systems **61**
Spinal interneuronitis, Stiff leg syndrome **31**
Spinal tumour, Spinal and cutaneous schwannomatosis is a variant form of type 2 neurofibromatosis **361**
Sporadic case, Maternal transmission in sporadic Huntington's disease **535**
Stamp
Carl Zeiss (1816–88) **140**
Crawford Williamson Long (1815–78) **8**
Frans Cornelius Donders (1818–89) **552**
Julius Wagner-Jauregg (1857–1940) **221**
Sigmund Freud (1856–1939) **384**
Wilhelm Griesinger (1817–68) **435**
Status epilepticus, Status epilepticus due to a ruptured dermoid cyst **222**
Sterotaxy, Usefulness of pallidotomy in advanced Parkinson's disease **125**
Stiff man syndrome
Antibodies to ^{129}I-glutamic acid decarboxylase in patients with stiff man syndrome **395**
Successful treatment of stiff man syndrome with intravenous immunoglobulin **426**
Stiffness, Stiff leg syndrome **31**
Stilts phenomenon, Role of weakness of triceps surae muscles in astasia without abasia **496**
Stress, Creutzfeldt-Jakob disease and stress **541**
Stretch reflex, Robert Whytt and the stretch reflex **484**
Stroke
Acute hemiplegic ischaemic stroke causes contralateral quadriceps weakness **214**
Diencephalic temporal order amnesia **163**
Impairment of facial recognition in patients with right cerebral infarcts quantified by computer aided "morphing" **261**
Impairment and recovery of left motor function in patients with right hemiplegia **77**
International comparison of the incidence of stroke and its pathological types **210**
Is family history an independent risk factor for stroke? **66**
Non-specialist diagnosis of transient ischaemic attack and minor stroke **208**
Playing piano in visuospatial neglect **543**
Stroop effect, Use of the Stroop phenomenon as a diagnostic tool for malingering **617**
Structured interview, Controlled study of sensory tics in Gilles de la Tourette syndrome and obsessive-compulsive disorder using a structured interview **188**
Sturge-Weber syndrome, Sturge-Weber syndrome, triggered by pregnancy, presenting in the fourth decade **213**
Subacute combined degeneration, MRI demonstration of reversible impairment of the blood-CNS barrier function in subacute combined degeneration of the spinal cord **298**
Subarachnoid haemorrhage
Family history of subarachnoid haemorrhage **273**
Impact on clinical outcome of secondary brain insults during the neurointensive care of patients with subarachnoid haemorrhage **512**
Isolated angiitis of the CNS presenting as subarachnoid haemorrhage **649**
Subcortical vascular disease, Subcortical vascular disease in elderly patients with treatment resistant depression **196**
Substance misuse, Pure amnestic syndrome after MDMA ("ecstasy") ingestion **418**
Sumatriptan, Efficacy of subcutaneous sumatriptan in the treatment of recurrence of migraine headache **490**
Surgery, Extrahippocampal changes and poor outcome in temporal lobe epilepsy surgery **206**
Swallow, Assessment of swallowing in the acute neurological patient **208**
Sympathetic skin response
Assessment of autonomic dysreflexia in patients with spinal cord injury **473**
Value of the sympathetic skin response in detecting autonomic dysfunction in multiple system atrophy **213**
Synaptic potentials, Remacemide and its metabolite ARL12495 reduce spontaneous synaptic potentials in MG^{++} free krebs **212**
Syncope, Unusual case of recurrent syncope **212**

Telethermography, Recurrent neck pain as a variant of migraine **669**
Temporal epilepsy, Is ^{11}C-flumazenil PET superior to ^{18}FDG PET and ^{123}I-iomazenil SPECT in presurgical evaluation of temporal lobe epilepsy? **141**
Temporal lobe epilepsy, Extrahippocampal changes and poor outcome in temporal lobe epilepsy surgery **206**
Temporal lobe resection, Cerebellar atrophy and prognosis after temporal lobe resection **501**
Tenascin, Distribution of tenascin in human malignant gliomas is not related to cell proliferation **290**
Thalamus
Diencephalic temporal order amnesia **163**
Surgery for Parkinson's disease **2**
Tinnitus, Paroxysmal tinnitus due to a meningioma in the cerebellopontine angle **401**
Tolerability, Efficacy of subcutaneous sumatriptan in the treatment of recurrence of migraine headache **490**
Torsional eye deviations, Pathological torsional eye deviation during voluntary saccades **253**
Transcobalmin II deficiency, Hereditary transcobalamin II deficiency **197**
Transcranial colour coded sonography, Middle cerebral artery velocity as a prognostic indicator in acute stroke **212**
Transcranial magnetic stimulation
Central pathway of photic reflex myoclonus **414**
Role of the ipsilateral motor cortex in mirror movements **629**
Transient ischaemic attack (TIA), Non-specialist diagnosis of transient ischaemic attack and minor stroke **208**
Treatment resistance, Subcortical vascular disease in elderly patients with treatment resistant depression **196**
Tremor, Tremor associated with benign IGM paraproteinaemic neuropathy **205**
Trigeminal evoked potentials, Trigeminal neuralgia in pontine ischaemia **297**
Trigeminal neuralgia, Trigeminal neuralgia in pontine ischaemia **297**
Triphasic waves, Triphasic waves in serotonin syndrome **200**

Tumour necrosis factor, Serum tumour necrosis factor correlates with neurophysiological parameters for peripheral demyelination in patients with Guillain-Barré syndrome **206**
Twin study, British motor neuron disease twin study **562**
Type II fibre predominance, Blood lactate threshold and type II fibre predominance in patients with exertional heatstroke **182**

Urodynamic, Urodynamic and neurophysiological evaluation in Parkinson's disease and multiple system atrophy **507**
Urodynamic examination, Assessment of autonomic dysreflexia in patients with spinal cord injury **473**

Valproate, Weight gain on valproate **209**
Varicella zoster virus, Neurotropic viruses and Alzheimer's disease **586**
Vascular dementia, Clinical overdiagnosis of vascular dementia versus necropsy confirmed series **677**
Vasculitis, Isolated angiitis of the CNS presenting as subarachnoid haemorrhage **649**
Vasopressin, Feeling cold **198**
Viral infection, Viral infection and disease activity in multiple sclerosis **207**
Visual tilt illusion, Contraversive visual tilt illusion associated with a cerebellar infarction **672**
Visuospatial neglect, Playing piano in visuospatial neglect **543**
Vitamin B12, MRI appearances in subacute combined degeneration of the spinal cord due to vitamin B12 deficiency **99**
Vitamin B12 deficiency, MRI demonstration of reversible impairment of the blood-CNS barrier function in subacute combined degeneration of the spinal cord **298**
Vocal cord palsy, Loss of large myelinated nerve fibres of the recurrent laryngeal nerve in patients with multiple system atrophy and vocal cord palsy **234**
Voluntary saccades, Pathological torsional eye deviation during voluntary saccades **253**

Warfarin, Is there any evidence for a protective effect of antithrombotic medication on cognitive function in men at risk of cardiovascular disease? Some preliminary findings **269**
Wasting, Wasting, weakness, and the MRC scale in the first dorsal interosseous muscle **541**
Weight gain, Weight gain on valproate **209**
Wepfer
Johann Jakob Wepfer (1620–95) and cerebral haemorrhage **387**
Wepfer's description of the apoplexy of Malpighi **394**
Wernicke-Korsakoff syndrome, Operational criteria for the classification of chronic alcoholics **51**
Working memory, Phonological loop in medicated patients with Parkinson's disease **609**
Writer's cramp, Low striatal D2 receptor binding as assessed by [^{123}I]IBZM SPECT in patients with writer's cramp **672**
